Later he was elected as a Prohibitionist to the Illinois state legislature. He had the unique distinction of being the only man ever re-elected to the Illinois legislature on the Prohibition ticket.

Mr. Gaumer also has enjoyed the distinction of having spoken from the same platform a number of times with "Uncle Joe" Cannon.

### BUCKEYE HIKERS LEAVE MT. VERNON

#### Members Of Walking Party Depart For Columbus On Sunday Morning

The members of the party from Akron calling themselves the Buckeye Hikers, three men and two women, en route south, with Los Angeles, Cal., as their ultimate destination, left Mt. Vernon at 10 o'clock Sunday morning. They hoped to arrive in Columbus by night, but were more than doubtful of their ability to do it.

Saturday night, through the kindness of Chief of Police Parker, the members of the party were permitted to sleep in the council room, using their own outfit for bedding. Before departing Sunday morning, they expressed themselves as appreciative of the kindness of the treatment accorded them in Mt. Vernon. This friendliness shown them here was in distinct contrast with the reception given them along the road from Wooster on Friday. One farmer refused to permit them to take shelter in a vacant house, they said, and another with manifest reluctance permitted them to take shelter from the rain in his front porch.

The two nights' rest and Saturday's stop in Mt. Vernon were refreshing to all the party and they started out with renewed spirit and energy Sunday morning.

### MISSIONARY TELLS OF STATE OF CHINA

#### Rev. S. H. Littell Advises Kenyon Students To Be Unbiased Toward Japan

Littell is dean of the Missionary School at Hankau and has made an extensive study of the affairs of that country and especially regarding its relations with U. S. and Europe.

He gave a detailed description of the existing conditions in the Far East and also placed unusual stress on the fact that the United States should hold an unbiased attitude toward Japan and her acquisitions of Chinese property until the forthcoming International Conference shall throw more light on the subject.

Rev. Littell was entertained by members of the Alpha Delta Phi Fraternity of which he is a member.

### COLUMBUS DAY IS HOLIDAY IN OHIO

#### Banks and Other Financial Institutions To Close In Mt. Vernon

Next Wednesday, Oct. 12, is Columbus day and a legal holiday in Ohio. Observing that day all the banks and building and loan associations in Mt. Vernon will be closed all day.

In common with their fellows in most of the other states of the United States Ohio citizens in this manner recognize the anniversary of the discovery of America by Christopher Columbus on October 12, 1492. It is only within comparatively recent years that the world in general and this country in particular have taken note sufficiently to appoint a day recognizing the achievement of the great Genoese whose energy and persistence found a new hemisphere. While not marked by a general suspension of business, as on Memorial day, the Fourth of July and Christmas, nevertheless Columbus day is on the calendar as a holiday.

The average person knows surprisingly little about Columbus or Colon, which is the Spanish form of his name. He was born in Genoa, Italy, the histories tell, became imbued there was a western way to Asia and the rich Indies. He met rebuffs and finally was aided by Queen Isabella of Spain to the command of a little fleet which carried him and a tramping crew to the island of San Salvador on October 12, 1492, we never can forget that date.

The discovery was the pinnacle and the climax of Columbus' life. The

### FARM BUREAU IS TO MEET NEXT SATURDAY

#### Executive Board And Membership To Hold Sessions October 15

A meeting of the Knox county Farm Bureau is announced for next Saturday, Oct. 15. A meeting of the executive board will be held at 10 a. m. and in the afternoon the session will be open to the entire membership of the bureau.

The district meeting held in Mt. Vernon on Saturday, Oct. 8, brought a large number of representative farmers of Knox, Licking, Holmes and Coshocton counties. Action upon matters brought before the meeting is said to be incomplete and will be disposed of finally at a later meeting.

rest was not altogether glorious. There was jealousy and opposition, humiliation, imprisonment, chains, and death embittered by disappointment. It is better to remember Columbus at the moment of his great triumph, to trace the painful, eager steps by which he reached for that which he strove with singleness of purpose. That is the reason Columbus day is celebrated.

### DRAMATIC CLUB TO HOLD A MEETING

#### Important Business Is Scheduled To Come Up On Tuesday Evening

The regular meeting of the Mt. Vernon Dramatic club is to be held at 7:30 Tuesday evening in the basement of the public library. To date, approximately seventy-five names have been handed in for membership which exceeds the maximum of fifty as set by the constitution. However, all those who have given in their names are asked to be present at the meeting and it will be arranged so that all who so desire may become members.

The membership committee composed of Mrs. Robert B. Armstrong, chairman; Mrs. Fred W. Kahrl and Mr. Curtis Kinney will hold a meeting at 7:00 and will select the fifty members from the first fifty names handed in. These members will then amend the constitution so as to accommodate the remainder. However, anyone who is not present at the meeting will no longer be counted as a member whether he attended the first meeting or not. All those who have applied for membership are invited to attend. Several important matters are to be taken up and business transacted.

It is highly important that all those who have not previously done so should bring a dollar to pay their dues for the coming year. The dues of the society are the most important thing as plays have to be purchased and made ready for presentation and several now under consideration will require elaborate scenery. The dues are the only means of staging the first play.

**Mrs. Pirate.**  
The wife of Captain Kidd was terrified when he called her "My treasure!" She thought he wanted to bury her!

**Unready Money.**  
Mr. Nicelipch—"I tell you we can't get too much money in the bank. Money talks." His Wife—"Yes, money talks, but yours seems to have an impediment in its speech."

**You'll Be Sorry.**  
"Some of these days," says a Georgia philosopher, "you'll see things so clearly that you'll wish you were back where you're located now, and you won't have a return ticket."—Atlanta Constitution.

Now—at last—you can use the marvelous power of music in a practical way. Noted psychologists have just completed, for Mr. Edison, a two-year research into the effects of music. They discovered that certain selections, when RE-CREATED by the New Edison, the perfect instrumentality of music, actually change people's moods. Some are wonderful for soothing ragged nerves. Others supply more energy. Still others bring cheerfulness. This better, finer kind of music—
